

Restore Freedom and Liberty in America!

Michael Badnarik and Clyde Cleveland

Hear two nationally reknowned speakers talk about returning America to our Constitutional roots. Learn about the original Republic and how the government we have now has strayed from the government created by our founding fathers, and what we can do to restore our constitutionally-guaranteed rights.

Michael Badnarik

Michael Badnarik is a Constitutional scholar, and the author of *Good to be King*, a beginner's guide to the Constitution and the Bill of Rights.

Michael travels across the country teaching his highly acclaimed class on the Constitution to growing numbers of people suddenly interested in "life, liberty, and property".

Michael was the 2004 Libertarian nominee for President of the United States, 2006 Libertarian congressional candidate in Texas, and was elected President of Continental Congress 2009, which met in St. Charles, Illinois to document government violations of the Constitution. www.constitutionpreservation.org

Clyde Cleveland

Clyde Cleveland is the author of *Common Sense-Revisited*, is a nationally reknowned speaker, and was 2002 libertarian candidate for Iowa Governor.

Learn about Indigenous and Surrogate Powers, and how Americans have surrendered their "Sentient Power". The good news is, we can peacefully, and lawfully, re-inhabit our Sovereign status and reclaim a bottom-up, "By, of, and For the People", Republic form of Government... This is what was intended by our founding fathers, and for which many others have given their lives to protect.
